

This year's Sporting Heritage Youth Day is scheduled for August 29th from 8:30am - 4pm at the Wausau School Forest. Each year this event is held to expose boys and girls ages 8 to 16 to outdoor sports, recreation, education and conservation activities. During this one day event, youth can get hands-on experience learning from experts and develop a love for the great outdoors.

The most important aspect to getting youth involved in the outdoors is if their parents are involved in the outdoors. The second most important aspect might be that they have friends that are involved in the outdoors. If you are bringing your child to the event, ask your child's friends to sign up and bring them along with you!
